

WEATHER RELATED CLOSURES/LATE STARTS

Below you will find the radio and TV stations you should listen to for closures and late starts for the Daycare, K-8, and High School programs. All programs will follow the same status given in the media. **Please do not call the school** to determine the open, late start, or closed status. The large numbers of calls cannot adequately be handled.

In many cases we will follow our local school district's closures, but this is not always the case, so please watch for Community Christian Academy/Northwest Christian High School's information. **Please watch and listen closely to the sources listed below for CCA/NCHS specific information.**

Each family should decide their arrival time based on how safe they feel the driving conditions are for them. The distance you come, specific roads you travel, the driver and vehicle you use will determine how safe you feel coming at the regular school start time or later in the morning when the roads are thawed or the snow has melted. **BE SAFE! With a written note or email from parents, we will excuse any tardies on days that local districts have late starts due to weather.**

Weather closure — in case of ice or snow, tune into:

KGY 1240 AM, KMAS 1030 AM, MIXX 96 FM or KOMO TV channel 4. We will notify these stations if we are closed or have a late start. They usually start broadcasting school info. about 6:00 am. **Information will also be available on the NCHS website. Go to www.foundationcampus.org and click on the high school link.**
