

Beers Bulletin

Math

We just finished Chapter 6 and the kids did awesome! Next week we will be starting Chapter 7. In this chapter we will begin to learn about division.

Reading

Every week we read with groups, with partners and individually. This past week our groups all finished their books! They will be getting new ones next week. Individually students read and answer comprehension questions for a leveled book.

Writing:

This week we learned about Parentheses and hyphens. This week students got to write, edit and share about a topic of their choice. They also wrote a piece about where they thought I was. Next we will begin our book reports

Science:

The kids have worked so hard on this project, so I have decided to make it our project for the STEAM fair. Our next step will be to create a model of their animal's habitat! The class will need shoe SIX SHOE BOXES BY THE END OF NEXT WEEK. If you have one to spare please send it in.

Bible: John 3:17

For God did not send his son into the world to condemn the world, but in order that the world might be saved through him.

Dates to remember...

- Passport- 1/25
- Professional development (no school)- 1/26
