

# Beers Bulletin

## Math

We started Chapter 7 and the kids are doing awesome. In this chapter we will begin to learn about division. Many students have already begun applying what they have learned in everyday math.

## Reading

Everyone got new books this week and they have already met with their groups to read. Individually students read and answer comprehension questions for a leveled book. We also meet with our kindergarten buddies every Friday.

## Writing:

We wrote, edited, and published our book reports this week!

## Art:

This week we worked on perspective art. Their craftsmanship is up in the halls!

## Science:

The kids have worked so hard on this project, so I have decided to make it our project for the STEAM fair. Our next step will be to create a model of their animal's habitat! We still need THREE SHOE BOXES if you have one to spare please send it in.

## Bible: John 2:11

This is the first of his signs, Jesus did at Cana in Galilee, and manifested his glory. And his disciples believed in him.

## Point Defiance Outreach:

Our next field trip is coming to us! On February 6<sup>th</sup> Point defiance zoo outreach is bringing some animals for us to meet and learn about.

## Dates to remember...
