

ROUTE 56

A NEWSLETTER FOR CCA 5TH AND 6TH GRADE

Hello parents! What an exciting first few days of school we have had. Getting used to new schedules, meeting new students and teachers, helping our kids learn transitions between classes. We have been introducing classroom expectations, playground rules and behavior expectations. We are beginning to discuss assignment policies and procedures We are going to begin sending a light amount of homework on Monday, which will probably include Math, Spelling, Memory Verse and Vocabulary. We are been training students in filling out their planners each and every day. Once you are signed up for **Edmodo**, you can see a calendar and description of all assignments.

Instructions for Edmodo: go to www.edmodo.com or download the app “Edmodo for parents” on the app store. Please choose “I am a parent” to open a free account. When it asks for a group code, please enter the parent code your child gives you - then you are all set!

(We will begin posting assignments over the weekend, but give us a little time to get the hang of things as Mr. G is still training grades 5-8). This week all 5th and 6th graders have completed their Edmodo registration in the computer lab working with Mr. G.

Our chapel service is at 8:05 on Wednesday, September 13. Please come and join us if you can! This year we have grades K-6 together in chapel every week.

We are scheduled to spend two days (no overnight) at Black Lake Bible Camp on September 27-28 for outdoor education. More details to follow.

Have a blessed week! Mr. Gordenier and Mrs. Thiel.
