

# Groovy News!

- It was a pleasure for Miss May and I to be able to meet with each of you this week during parent conferences. Thank you for the privilege of allowing us to work with your children daily. We love each one of them!
- This week we had a chance to learn about bats as we read the story Stellaluna. We reviewed main characters, setting, and problem and solution in a story. In science we also learned a lot about bats and created a Venn diagram as we compared bats and birds. During math we began a new unit in which we have learned about comparing sizes and weights. Moses and the 10 plagues/crossing the Red Sea was the story during Bible time. It brings me such joy to watch your children learn about their Lord and Savior every day!
- We will be sharing a video as part of our upcoming Veteran's Day Assembly on November 9. We would like the video to show pictures of students with their family members who have served or are serving in the military. If you would like to include one or two photos, please send them to Mr. Alek Beers who will be putting together the video for us. Photos should be sent to him at his email address [alekbeers@gmail.com](mailto:alekbeers@gmail.com) and they should be received no later than November 2.
- I believe there are a few spots left to be able to volunteer for our Fall Carnival next Friday. The sign-up sheet is on the Kinder board outside the classroom.
