

Hello, Howdy, Greetings

As this week closes on the CCA Carnival, I want to let everyone know that things are moving along well. Please check the Family Link on the schools web site to see how your child is doing. Also, encourage your child to always work hard, complete assignments, and do not procrastinate for test and projects.

We have two opportunity for stewardship hours coming up.

1. Help with PE testing for 5th – 8th graders Nov. 13-16th
2. Help with Cookie Dough & Candles Nov. 8th

For these opportunities please contact the office for more details.

Veteran's Day assembly is on the 9th of November at 2PM. You are invited to attend and invite any veteran you many know so we can honor their service.

In class:

Life science: Chapter 4 test on Thursday

Language Arts: test on Tuesday (Bronze Bow) Students have a packet and the book to study from.

Bible: Remind your child that they are required to complete 2 hours of community service. It can be signed off by whoever is the person the service is being completed for.

Thank you again for allowing me to assist you in the teaching of your child. If you have any questions or concerns please contact me at the school phone, (360) 493-2223 or dorgeron@foundationcampus.org.

God Bless,

Mr. Danny Orgeron
