

Dear Parents

28 September 2018

I want to thank all the families that came out for our fundraiser at Red Robin. It was a nice evening and I heard the food was great. I enjoyed meeting the families from the younger grades as well as my Junior High students. Sorry if you were one of the early families to get there, I was there later in the night.

In this next week:  
Mr. O's Math class has a math test in Pre-Algebra on Thursday next week  
Life Science has a Chapter 2 test on Friday of next week also.  
Language Arts has a Wordly Wise test this Monday coming.

In Bible class I am having several student who do not say their memory verse each week. Memory verses are 10% of the Bible grade. Early on, students not saying memory verses have it effect their grades with a greater value because of fewer grades. If your child missed saying a verse, they can raise their grade by simply saying the remaining verses in this semester. Please encourage your child not to procrastinate in saying their verses. Verses are assigned on Monday and are due to be recited or written on Friday before 3PM.

Google classroom: each student was invited to join each of their classes in google classroom. You may see students homework, due dates for projects and in some cases a student will complete an assignment on google classroom. It may be a safe thing to check a see if your child is in the classroom for all core classes.

I hope you have enjoyed the beginning of this school year. I am looking forward to the upcoming weeks ahead with your child.

Take care and God bless,

Mr. Orgeron
